Interesting Facts

- The carving of jack-o'-lanterns originated from the tradition of carving the faces of lost souls into hollowed out pumpkins and turnips. A candle was placed inside the carvings making the faces glow. Then they were placed on doorsteps to ward off evil spirits.
- Chocolate as Money? Cocoa beans were used as currency by the Mayan & Aztec civilizations over 1400 years ago.

Nov Dates to Remember

- Nov 11 - Veterans Day
- Nov 13 - ASHRAE Meeting
- Nov 21 - ASPE Meeting
- Nov 24 - Thanksgiving

- Solution Boiler

Fulton Service Schools

The Fulton Companies will be holding technical service seminars here at the plant in Pulaski, N.Y. on March 10th through 14th. These two-day schools will combine in-depth classroom instruction as well as hands on training. The seminars are designed for the field service technician as well as the end-user, but are beneficial for new salesmen as well. There is a limit of 10 persons per class. Openings will be filled on a first come first serve basis.

Fulton Hydronic Heaters (Pulse) will be covered March 10th and 11th, 2008. The first half of the day will be in the classroom. Topics of discussion will include construction, installation, operation, controls, maintenance and troubleshooting. The second half of the day will be hands-on training consisting of set-up and preventative maintenance. Continental breakfast will be at 8:30 with classes to start at 9:00. All training will last roughly 7 hours per day.

Fulton Vantage Heaters will be covered March 12th, 2008. The first half of the day will be in the classroom. Topics of discussion will include construction, installation, operation, controls, maintenance and troubleshooting. The second half of the day will be hands-on training consisting of set-up and preventative maintenance. Continental breakfast will be at 8:30 with classes to start at 9:00. All training will last roughly 7 hours per day.

Vertical Tubeless Boilers will be covered March 13th and 14th, 2008. The first day of classes will be in the classroom. Topics of discussion will include construction, installation, operation, controls, water management, maintenance and troubleshooting. The second day of classes will be entirely hands-on training consisting of set-up and preventative maintenance. Continental breakfast will be at 8:30 with classes to start at 9:00. All training will last roughly 7 hours per day.

Interesting Boiler Option

Did you know that you can order a built-in soot blower on Burnham Boilers? They can use steam or compressed air are used for heavy oil applications.
