## Featured Product of the Month: Endura +

**Fulton Endura + Boiler:**

ENDURA+ is a **PURE Optimized** revolution in firetube condensing boilers, fitting an ultra-compact footprint while surpassing the reliability of existing designs. The heat exchanger captures up to 99% of the energy in combustion gases while water is intelligently directed through engineered flow paths, enhancing both heat transfer and durability. Thanks to its revolutionary design that virtually eliminates thermal stress, the ultimate root cause of failure over time due to fatigue. Longevity is a weak point with most condensing boiler designs, but the [Fulton Companies](#) tackled this challenge with innovative engineering, rugged materials, and robust construction. The Endura + also comes equipped with a 5 year burner warranty.

## Upcoming Dates to Remember

- May 14th** - Mother's Day
- May 22nd**- Centerpointe energy efficiency conference
- May 29th** - Memorial Day

## Fun Fact

In the United States alone, around 122 million phone calls are made to moms on Mother's Day. *That's a lot of phone calls!*

MODSYNC

- Up to 15:1 turndown; fully modulated single burner design
- Duplex stainless steel - far superior to materials used in competing condensing boilers
- O<sub>2</sub> compensation tunes the fuel/air ratio in real-time; automatically adjusting for seasonality
- Intuitive touchscreen control with integrated cascade
- Small vent diameters and variable primary flow capabilities reduce installation cost.

### Lochinvar Crest Input Sizes:

#### Crest available in input sizes (BTU/HR):

- 750,000
- 1 Million
- 1.25 Million
- 1.5 Million
- 1.75 Million
- 2 Million
- 2.5 Million
- 3 Million
- 3.5 Million
- 4 Million
- 5 Million
- 6 Million

The Lochinvar Crest is an extremely efficient with average efficiency levels around 96.2%. Along with high efficiency the boiler has smart technology to control the boiler so that it operates at the most economic and fuel efficient way. With a turndown of up to 25:1. The Lochinvar Crest is the most complete product line on the market with 12 different input sizes to really fit any buildings heating load needs.

### Coming Next Month

- A new job of the month
- A new trivia question to win a prize
